These sessions are being held in January as part of [Human Trafficking Awareness Month](#). We know many excellent ways that the internet is used for social networking, education, information and commercial transactions. The internet is also used for exploited purposes and is one of the greatest facilitators of human trafficking. These sessions are to provide information to adults on how to assist the children in their lives to use the internet safely.

If you plan to attend one of these informational sessions, please RSVP to Sister Caritas Foster at caritas@sbcglobal.net or P. O. Box 3248, Fremont, CA 94539 and indicate which session you will attend.

This project is supported in part by Grant No. 90ZV0092 awarded by the Rescue and Restore Victims of Human Trafficking Regional Program, Anti-Trafficking In Persons Division, Office of Refugee Resettlement/ACF, Department of Health and Human Services. The contents of this document are solely the responsibility of the authors and do not necessarily represent the official views of HHS.
